Open to frontend internships and junior opportunities in Astana or remote

PROFESSIONAL SUMMARY

Frontend developer and Big Data Analytics student with hands-on experience building and deploying two responsive web applications using Next.js, React, and TypeScript. Implemented authentication, protected routes, reusable UI components, and database-backed features with Supabase and MongoDB.

TECHNICAL SKILLS

Frontend

React, Next.js, TypeScript, JavaScript, Tailwind CSS, shadcn/ui

Tools

Git, GitHub, Vercel, VS Code

Backend & Databases

Supabase, MongoDB, Better Auth, CRUD workflows, Database schemas

Additional Learning

Go, Backend API design, Data analytics

SELECTED PROJECTS

Qoldanba - Student Adaptation Platform

A student adaptation platform for first-year students to view schedules, deadlines, and academic resources in one interface.

Tech: Next.js, React, TypeScript, Tailwind CSS, shadcn/ui, Supabase

Live Demo: qoldanba.vercel.app · GitHub: github.com/arlan-6/qoldanba

- Implemented Supabase authentication, protected routes, and database-backed academic content.
- Built reusable interface components and responsive layouts with Tailwind CSS and shadcn/ui.
- Deployed the application on Vercel and published the source code on GitHub.

Shaqr - Online Invitation Management Platform

A full-stack web app for creating and sharing digital invitations.

Tech: Next.js, React, TypeScript, Tailwind CSS, shadcn/ui, MongoDB, Better Auth

Live Demo: invitestry2.vercel.app/ · GitHub: github.com/arlan-6/invites

- Developed event creation forms, invitation preview pages, and the end-to-end invitation creation flow.
- Integrated Better Auth with MongoDB for account authentication and persistent invitation data.
- Created responsive, reusable components for the form and preview interfaces.

EDUCATION

Astana IT University, Astana - Bachelor's degree in Big Data Analytics

Sep 2025 - Present | Expected graduation: 2028

- Relevant coursework: Programming, Databases, Data Analysis, Information Processing.

Tomorrow School, Astana Hub - Core Software Development Program (01 Edu)

2026 - Present

- Peer-to-peer, project-based software development curriculum with collaborative problem-solving and peer review.

HACKATHONS & CERTIFICATIONS

Hackathons

Decentrathon 5.0

Participant · AI InDrive track

Mar - Apr 2026

HackNU/26

Participant · Nazarbayev University ACM Student Chapter

Apr 2026

HackNU/25

Participant · Nazarbayev University ACM Student Chapter

Oct 2025

Certification

Python for Data Science, AI & Development

IBM via Coursera · Verify credential · Certificate

Jul 2026

LEADERSHIP

Digital Committee Member - Student Association, AITU

2026 - Present

- Contribute to planning and coordination for student-facing digital initiatives within AITU's Student Association.
